# Places to visit near Church Farm

## Natural Encounters at Church Farm, Ardeley

**Welcome** to Church Farm, Ardeley, we hope you enjoy your stay.

We have heard many stories from delighted visitors of encounters with nature on the farm whilst wild camping here. Everything from **badger sightings**, witnessing our sows giving birth, to realising just how close they are to the farm animals sometimes sharing a field (with appropriate barriers of course)! At Church Farm expect an authentic and spontaneous experience. Did you know that we have a natural spring onsite which services the farm, and all the water is drink safe? There are 4 woods to explore, animals including rare breeds to engage with and feed, fun activities for the children and our award winning field to fork experience that does not cost the earth. We harvest from our fields three times a day to bring you fresh vital nutrients from the salads and vegetables. We have an onsite butcher who prepares our high welfare meat and a bakery with a delicious range of breads that is available in the Farm Store. Please do ask in the shop what is available for children as there are different activities such as egg collecting and tractor and trailer rides that can be booked.

Now that you are here and have explored the 175 acres of wood and farm land at Church Farm, there are many places of interest around locally that are fun to visit, some of which are listed in the following pages.

It is better to book Farm Café and pub reservations in advance as we are often full at busy times:

Church Farm, Ardeley 01438 861447
